spare time

professional experience

Clojure course lectures

Recorded video lectures on language basics, core.async, datomic for clojurecourse.by, online course to cover basics of Clojure language, libraries and ecosystem

<http://clojurecourse.by/>

[march 2014]

“net.async” open-sourced

Clojure library aimed at providing reliable, high-level, bidirectional message-oriented communication over network with core.async interface

<http://github.com/tonsky/net.async>

october 2013

“ensemble” open-sourced

Clojure library for cluster jobs distribution and orchestration

<http://github.com/EchoTeam/ensemble>

june 2013

“Why you need Clojure?” talk

Explored Clojure applicability and benefits @ Codefest—big russian IT conference, Novosibirsk

<http://youtu.be/jZl1aZcRHCI>

march 2013

“Clojure at Echo” lectures

Series of 3 lectures exploring Clojure basics and benefits for Echo developers and all who are interested @ Echo

Team lead, product manager @ Echo

I’m leading development of scalable distributed social network data collection & processing service (currently in private beta)

<http://aboutecho.com/>

Clojure, distributed programming, systems design

july 2012

API Developer @ Echo

I worked on Echo [real-time experiences product](#): backend, API, integrational test suite

Erlang, Perl

october 2011

Software Engineer @ Xored

I designed, developed, documented and open-sourced a [Web framework](#) for Xored X5 product. Heavily inspired by Django, with web-sockets support, written in Fantom language

<http://bitbucket.org/xored/spectre>

Fantom, WebSocket

october 2010

Senior Java Developer @ Sibirenergo-Billing

Worked on billing software for russian electricity supplier. Prototyped part of the system in Python/Django in very small timeframe. Web UI, backend, data model, UI/UX design

Java, Wicket, Spring, Hibernate, Python, Django
